

Newspaper-Comic Henry the lion

Henry, a fearless German Duke, presented as a comic strip for newspapers all over the world. These intelligent, splendidly designed comics invite the reader to smirk to himself, laugh outright or sometimes to simply reflect a little on the unexpected vagaries of life. The medieval setting has a gentle charm all of its own that underscores the soft humour of these portrayals of everyday human themes. Henry is a comic series for weekly publication in print and the internet. He's got his own homepage: www.henry-the-lion.com.
